of the Ministry of Education, Science and
Technological Development of the Republic of
Serbia

organize

International conference
CONTEMPORARY TRENDS AND
INNOVATIONS IN THE TEXTILE
INDUSTRY

18th May, 2018

Union of Engineers and Technicians of Serbia
Kneza Miloša 9/III
Belgrade

The **goal** of the conference is to improve the competitiveness of textile companies by applying modern concepts and solutions of scientific and development achievements, which are the result of considering current technical, technological, economic, R&D, legal and other issues related to textile technologies.

CONFERENCE TOPICS

1. TEXTILE AND TEXTILE TECHNOLOGIES

- Improved properties of fibres and fabric
- New processes in the textile industry
- Nanotechnology in textiles
- Biotechnology in textiles
- Medical textiles
- Smart and interactive textiles
- Dyeing and finishing of textiles
- Technical textile
- Simulation and modelling
- Textile material production trends

2. TEXTILE DESIGN

- Influence of fashion and design in the modern clothing industry
- Fashion promotion
- Fashion and communication

3. MANAGEMENT AND MARKETING IN THE TEXTILE INDUSTRY

- Brand management
- Harmonization with EU regulations
- System quality
- Competitiveness and business excellence

4. ECOLOGY AND SUSTAINABLE DEVELOPMENT IN THE TEXTILE INDUSTRY

- Textile ecology
- Ecological textiles
- Serbian and EU regulations

Invitation to authors, to submit their papers to suggested topics and related issues to the textile industry, and take part in the conference.
